## APPLICATION FOR A SCIENTIFIC RESEARCH AND COLLECTING PERMIT

United States Department of the Interior  
National Park Service

### PAGE 2: COLLECTIONS

(Complete this section if you would like to collect specimens or materials)

Specimens or materials to be collected (scientific name, type, size, quantity, frequency, and location):

If you propose that specimens or materials are to be retained permanently, they will become part of National Park Service collections. You may request that they be loaned to or otherwise deposited with a non-NPS institution.

Proposed repository of specimens:

- ☐ National Park Service
- ☐ Other institution (if selected, you must complete the box below)
- ☐ Will be destroyed through analysis or discarded after analysis

### Proposed Repository for Collections

(Complete this section only if you checked "Other institution" in the box above)

Non-NPS institution where specimens or materials are proposed to be deposited:
